Motivation Letter

I moved from Italy to China in 2007. As a Chartered Accountant I focus on tax and accounting management. I cooperate with the Academia and I have been a founder of the Italian Scholar Association. I have covered roles for different chambers in the Far East and for CICC I have been an active member of working groups and the board. I would like to run for another term as Treasurer, granting experience as CFO for companies and I believe I have helped to improve the admin management of the chamber during the most complex period of the pandemic. I would like to dedicate passion and professionalism that I always try to combine in all my projects.
