Linshu ( PRC ) production

Corn cob pickers 2L – 3L- 4L – 5L  
Linshu ( PRC ) production

Farming Technology. Since 1927.

A wide-angle photograph of a vast, golden-brown hayfield under a cloudy sky. Numerous large, cylindrical hay bales are scattered across the field, with one particularly large bale in the foreground on the right side. The overall scene is peaceful and rural.
